Initial Appearance

ALS 5-day hearing and Kentucky Arraignment

Ohio's Arrest, Arraignment, and ALS

- On a first offense, person is usually cited to court
- No requirement that they be held if they have a high BAC
- If they refuse the test or test over, an ALS is imposed at the time of test/refusal

Ohio's Arrest, Arraignment, and ALS

- Arraignment required to occur within 5 business days of arrest
- At arraignment, the defendant may challenge the imposition of the ALS
- At arraignment, limited pre-trial privileges can be requested

Kentucky's Arrest, Arraignment, and ALS

- On a first offense, person is usually taken to jail
- Requirement that they are held for 4 hrs if BA
 .15
- At arraignment, the defendant is placed under a pre-trial suspension for a refusal or 2nd offense
- At arraignment, defendant can request a pretrial suspension hearing

Kentucky's Arrest, Arraignment, and ALS

- If the person took the test and was over, there is no pretrial suspension on a 1st offense
- The defendant may file a petition for judicial review of the pre-trial suspension
- That review consists of a mini-pc hearing, implied consent, and actual refusal determination
- Hearing must occur within 30-days of demand

Kentucky's Arrest, Arraignment, and ALS

- If there was a refusal, the person may petition the court for an interlock device. This is new eff. 7/15, KRS 189A.200(2)
- They may do this only if they waive their right to a judicial review of the suspension.

Prior Offenses

- Prior convictions enhance penalties for future convictions
- Look back period: 10 years in OH and 10 years in KY
- OH: Calculates the date from prior conviction to present offense
- KY: Calculates the date from prior offense to present offense

Prior Offenses in KY

- Any challenges to a prior conviction in KY must occur at the 'first opportunity' or they're waived
- **THIS IS BIG**: any OVI conviction that came from a NO CONTEST plea cannot be used to enhance the current KY DUI. KRE 410(2)

Prior Offenses in KY

- KY sees DUI and Physical Control as one and the same
- What does DUI require? Operation.
- What does physical control require in OH? Being in the driver's position of a vehicle and having possession of the ignition key.
- THIS IS ALSO BIG: a conviction for an OH physical control can cause an enhancement in a subsequent KY DUI.

Jury Trial

- Ohio has 8 jurors in Municipal Court
- Kentucky has 6 jurors in District Court
- In Ohio we voir dire the venire, pass for cause, then exercise peremptory challenges in succession

Jury Trial

- In KY we directly voir dire a venire of 12, pass for cause
- Then the prosecutor and defense each strike 3 jurors - if we each strike a different 3, then we have our jury
- If we strike one or more of the same, then the clerk puts the remaining names in a hat and draws out the first 6, then we have our jury

Post Conviction Suspension

- Ohio driver
 - KY DUI, 1st offense suspended 30-120 days
 - KY will notify OH
 - OH will send notice of suspension to driver
 - 21 days from date of mailing of letter, a 6month suspension begins

Post Conviction Suspension

- Ohio driver
 - The ORC provides that the Ohio driver will be suspended for 6-months or the period of suspension given by the foreign court, whichever is *less*
 - By default, they suspend for 6-months
 - ORC 4510.17(B)

- Documents needed

 - Clearance letter from Transportation Cabinet, if available
 - Copy of the OH BMV Suspension Notice

- Appeal Letter Sent to OH BMV

- Never had to have a hearing

- If the suspension in OH will still be active you can petition for limited privileges
- File in County of Residence
- \$126 in Hamilton County

- Heard in Rm. 236
- Establish need for privileges: work, school, medical
- Must surrender OH license at that time
- Similar to obtaining privileges at OH arraignment

- Available to download for your use:

Kentucky Driver

- Ask Judge to put the end date of the OH suspension on the Judgment Entry sheet
- After being informed of the OH conviction:
 - the KY Transportation Cabinet will send a Notice of Suspension to the Client
 - The suspension will begin on the DATE OF CONVICTION, not the date of arrest, even if the OH judge backdates the suspension to the date of arrest.
- Client will be facing KY suspension time equivalent to OH suspension.

Kentucky Driver

• For example, if Client is arrested in January 2019 and pleads NO CONTEST in April 2019, his OH 1-year suspension, after being backdated, will terminate in January 2020. However, KY will suspend Client for 1-year, but will begin the suspension in April 2019, meaning the KY suspension will terminate in April 2019. The best way to avoid this scenario is to do the following: <u>www.suhrelaw.com/seminars</u>

- 1. Have the sentencing Judge write down the end date of the suspension. Normally, the Judge will write that the suspension will be for 1-year and be backdated to the date of arrest, without putting the end date of the suspension. If the end date of OH suspension is on the Entry, the KY Transportation Cabinet will honor the end date of the suspension and Client's KY suspension will terminate at the same time as the OH suspension.
- 2. OH BMV records will not help! The KY Transportation Cabinet will only honor documents coming from the OH courts regarding modifying KY suspensions.

- Client will be eligible for a hardship license in KY after a 30 day hard suspension. The 30 day suspension will be an actual 30 days, beginning from the date of conviction. (No exceptions, even if OH suspension ends prior to 30 days!)
- Client is eligible for hardship license after 30 days. Client does not have to complete 20 hours of Adult Driving Education program to get hardship license.
- Client must pay \$40 reinstatement fee in KY and complete a KY alcohol assessment and 20 hours of ADE program (OH assessment will not be accepted!). If KY assessment determines Client only needs to complete 20 hours of ADE program, the OH 3 day DIP program at a state-approved facility may be used to substitute for the 20 hour ADE program.
- In order to get his KY license reinstated, Client must complete ADE program or its equivalent.

5 Take Aways

- In KY, priors calculate from offense to offense and look back 10 years. In OH they calculate from prior conviction date to current offense date and look back 10 years.
- A conviction that came from a no contest plea cannot be used to enhance a KY DUI.
- KY does not have a physical control that is separate from a DUI. An OH physical control conviction can enhance a KY DUI.

5 Take Aways

- Ohio will issue a 6-month suspension upon receiving notice of a KY DUI conviction. You can administratively appeal it and have it converted to the length of suspension given by the KY court.
- KY will hand down the suspension given by the OH court but will start the time from the date of conviction unless the OH court journalizes the end date of the suspension.
