THE DOG DAYS OF SUMMER

The weather is getting hotter, the pools are open for swimming, the barbeques are fired up, and the time spent outdoors is getting more prominent. July 3rd to August 11th is typically referred to as the “dog days of summer.” The idiom “the dog days of summer” comes from ancient Greek and Roman idea that the constellation canis major (which actually translates to “big dog” in Latin) rises alongside the sun which they believed caused the summer heat.

With the heat and nice summer weather comes more time spent outside. Some of our attorneys and staff enjoy doing the following summer activities: hiking, going to amusement parks, reading a book on the beach, going on vacation, biking, barbecuing, etc.

The summer is also a great time to get together with family and friends. Barbeques are one of the most popular ways to bring people together in the summer. Some of the most popular foods served at barbecues across the country are hot dogs, hamburgers, potato salad, macaroni salad, and coleslaw. Did you know that July 4th is the most popular day for having a barbecue in the United States? With almost 70% of Americans owning a grill, the summer is a great time to try some new recipes on the grill specifically.

Our offices will be closed Memorial Day, Independence Day and Labor Day in observance of these holidays. We wish everyone a great summer and encourage you to spend time with family and friends, try out a new summer activity, or even just try a new recipe. If you do have any inquiries, we have attorneys on call 24/7. Please do not hesitate to contact us with any legal matters you may have.
